

NIH NRSA Training Grants 101

Jenny Dahlberg
School of Veterinary Medicine
University of Wisconsin-Madison

Heather Daniels
Graduate School
University of Wisconsin-Madison

NCURA Regional Meeting
April 15, 2013

Overview

- Audience goals/questions/concerns?
- Purpose of Training Grants
- How to apply (pre-award processes)
- If awarded, now what?
 - Xtrain appointments/terminations
 - Payroll
 - Allowable charges
 - Closing out awards

T32 grants: What do they support?

- research training experiences
- predoctoral, postdoctoral, and short-term trainees
- specified areas of biomedical, behavioral and clinical research

T32 grants: Whom do they support?

- U.S. citizens
- Permanent residents of the U.S.
 - Green card required as of appointment start date on the grant

T32 grants: How do they operate?

- Institutional awards (not individual fellowships)
- Program director applies on behalf of group of faculty trainers.
- Internal review process to award “slots” to individual trainees

T32 grants:

How do you know if you should apply?

- All Applicants (new and renewal):
 - PI: Call the Program Officer of your current or prospective Institute.
 - Discuss: your grant + mission of the NIH institute = good fit?
 - Does the Institute have unique policies, requirements, application tables/forms?

T32 grants:

How do you know if you should apply?

- New T32 applicants:
 - Your trainers must be unique group of faculty representing area not covered by any other T32 on your campus.
 - Review your campus T32s and contact colleagues with questions

T32 Resources:

Ruth L. Kirschstein National Research Service Award (NRSA)

Dr. Ruth L. Kirschstein, for whom the awards below were named, passed away on October 6, 2009. Aside from Dr. Kirschstein's scientific accomplishments in polio vaccine development, and becoming the first woman director of an NIH Institute, she was a champion of research training and a strong advocate for the inclusion of underrepresented individuals in the scientific workforce. More on Dr. Kirschstein's life can be found at: <http://www.nigms.nih.gov/Training/RuthKirschstein> or in the complimentary e-book, *Always There: The Remarkable Life of Ruth Lillian Kirschstein, M.D.*

Frequently Asked Questions

NRSA Research Training Grants

Initial Posting: May 14, 2009

Last Revised: July 21, 2010

A. Training Grants

1. Do Training Grants have pre-award cost authority?
2. NIH uses a formula to calculate what would be awarded for tuition/fees and training related expenses. Should the grantee use this formula as part of their requested budget in a competitive grant?

[Public FAQs](#)
 [NIH Staff FAQs](#)

Dissecting the T32...what's in the application??

Core components

- Faculty mentors
- Training plan
- Prospective trainees
- Success of past trainees

Required Sections

- Program abstract
- Training Budget
- Training Program Plan
 - Program Administration (director(s) and administrator)
 - Faculty (biosketches)
 - Proposed Training (Curricula, seminars, career guidance, mentorship)
 - Program Evaluation
 - Trainee Candidates
 - Institutional environment and commitment to the Program

Required Sections, cont.

- Recruitment and retention plan to enhance diversity
- Responsible Conduct of Research
- Tables (1-10 for new applications; 1-12 for renewals)
 - **Tables are the most closely reviewed section of the application!**
 - Data needs to be as complete as possible.
 - **NIH T32 Data Tables Instructions**
<http://grants.nih.gov/grants/funding/424/index.htm#data>

Recommended Timeline

- **5 months prior to deadline:** determine faculty trainer list & review what data needs to be collected.
(Tip: for every additional 10-15 trainers, add ~1 month of prep time)
- For renewal applications, at least **3 months prior to deadline** request current trainee research descriptions, publications and update historical data.
- For interdepartmental training grants, at least **2 months prior to deadline** request departmental data (information on applicant pool, current positions of past trainees).

Budget Components

- Stipends
- Training related expenses
 - Health insurance
- Tuition and fees
 - Justify differences in rates for tuition
- Travel
- Indirect costs of 8%

Creating a Budget - Stipends

Current rates posted on NIH website

<http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html>

Predoctoral		\$22,032
Postdoctoral	Years of Experience	
	0	\$39,264
	1	\$41,364
	2	\$44,340
	3	\$46,092
	4	\$47,820
	5	\$49,884
	6	\$51,582
	7 or more	\$54,180

Creating a Budget

- **Trainee Travel** – Check with your awarding component for their policy on this category
- **Tuition**-Request full amount of your campus rate for anticipated trainees. Estimate annual increases per your campus policy. Watch for differential tuition rates based on residency, preliminary exam status, dual-degree programs, etc.
- **Training Related Expenses (includes Health Insurance)** Funds are to help defray expenses including staff salaries, equipment, and supplies
 - NIH will award \$7850/postdoc and \$4400/predoc trainee
 - Request \$2,200 per predoc and \$3,850 per postdoc for TRE and health insurance costs per below
 - **Health Insurance:**
 - Request actual costs and budget future year increases. NIH will limit the amount awarded to \$2,000 per predoctoral trainee and \$4,000 per postdoctoral trainee

Training Related Expenses (Example)

Calculation Per Year		
Predocs		
Health Insurance	$((\$22,032 \times 29\%) \times 25 \text{ slots}) =$	\$ 153,555.00
Trainee Related Expenses	$\$2,200 \times 25 \text{ slots} =$	\$ 55,000.00
TOTAL		\$ 208,555.00
Postdocs		
Health Insurance	$[((\$39,264 \times 18.8\%) \times 2 \text{ slots}) + ((\$41,364 \times 18.8\%) \times 2 \text{ slots})] =$	\$ 30,316.00
Trainee Related Expenses	$\$3,850 \times 4 \text{ slots} =$	\$ 15,400.00
TOTAL		\$ 45,716.00
GRAND TOTAL		\$ 254,271.00

Creating a Budget

- **Facilities and Administrative Costs** (also called indirect costs or overhead) should be requested at a rate of 8% of total direct costs less tuition, fees, and equipment.

Category	Cost
Stipends	\$ 712,056
Travel	\$ 29,000
Training Related Expenses	\$ 254,271
Tuition and Fees	\$ 716,809
Total Direct Costs (TDC)	\$1,712,136
Modified Total Direct Costs (MTDC = TDC less Tuition)	\$ 995,327
Indirect Costs (8% of MTDC)	\$ 79,626

Table I. Membership of Participating Departments/Programs

- **Purpose:**

- Gives overall picture of training environment

- **Special Instructions:**

- Renewals begin revising table from previous submission
- Include current trainee info for renewals only
- A=underrepresented minorities; B=individuals with disabilities; C=Individuals with disadvantaged background
- Requires summary data

Table I.

Table 1. Membership of Participating Departments/Programs (Alphabetically)

Participating Department / Program	Faculty Members in Department / Program	Faculty Members Participating in This Application	Predocutorial Trainees in Department / Program (Supported by Any NIH Training Grant)	Predocutorial Trainees With Participating Faculty (TGE) A/B/C	For Renewal Applications, Predocutorial Trainees Supported by This Training Grant (TGE) A/B/C	Postdoctoral Trainees in Department / Program (Supported by Any NIH Training Grant)	Postdoctoral Trainees With Participating Faculty (TGE) A/B/C	For Renewal Applications, Postdoctoral Trainees Supported by This Training Grant (TGE) A/B/C
Dept. of Biology	45	14	38 (15)	12 (8) 1/1/0	2 (2) 1/0/0	50 (5)	15 (7) 1/0/0	2 (2) 0/0/0
Neuroscience Program	32	20	31 (20)	14 (7) 2/0/1	4 (4) 0/1/0	40 (7)	23 (10) 0/0/1	2(2) 1/0/0
Dept. of Pharmacology (Medical School)	25	5	30 (10)	5 (3) 1/0/0	3 (3) 0/0/0	28 (0)	12 (8) 0/0/1	0 (0) 0/0/0
	31 (16)	9 (9)	4 (4)

For Renewals: Arrows indicate information you might already have.
 Column 2. Department contact or website
 Columns 4 & 7. Department contact or website
 Columns 5 & 8. Department/Faculty contact

Table 2. Participating Faculty Members

- **Purpose:**
 - Distribution of faculty (sr vs jr; clinical vs basic, etc.)
- **Special Instructions:**
 - Renewals begin revising table from previous submission

Table 2.

Table 2. Participating Faculty Members
(Alphabetically by Faculty Member)

Name/Degree(s)	Rank	Primary (& Secondary) Appointment(s)	Role in Program	Research Interest
Abrams-Johnson, Jane, PhD	Asst. Prof.	Pharmacology; (Biochemistry-Medical School)	Mentor	Regulation of Synthesis of Biogenic Amines
Jones, Lisa S., MD	Res. Asst. Prof.	Microbiology and Immunology (Neuroscience Program)	Mentor Exec Com	Protein Structure, Folding, and Immunogenicity
Sandoz, J. Miguel, MD, PhD	Assoc. Prof.	Neuroscience Program	Mentor	Developmental Genetics in <i>Drosophila</i>
Thomas, C. Jasper, III, PhD	Prof. & Chm.	Biochemistry and Molecular Biology	Program Director	Molecular and Genetic

Arrows indicate information you may already have.
 Column 2. Department contact or website; Campus Directory
 Column 5. Faculty contact or department website

Table 3. Institutional Training Grant Support Available to Participating Faculty Members, Departments or Programs

- **Purpose:**

- Overlap of proposed grant with existing Ts.

- **Special Instructions:**

- Number of Pre/Post Trainees separated into separate columns
- Includes short-term trainees
- Renewals begin revising table from previous submission
- Requires summary data

Table 3.

Table 3. Institutional Training Grant Support Available to Participating Faculty Members, Department(s), or Program(s)

Title of Training Grant	Funding Source Including Identifying Number	Active or Pending Project Period	Program Director (Department)	Predoctoral Trainees Supported This Year	Postdoctoral Trainees Supported This Year	Short-Term Trainees Supported This Year	Total No. of Participating Faculty	Names of Overlapping Faculty
Bioimmunotherapy Training Grant	T32 CA05984-11	06/02-07/07	Baker, A. (Pathology)	12			25	Abelson Brown Fields Johnson Sung Watson
Pharmacological Sciences	T32 GM04823-01	Pending	James, C. (Pharmacology)	10			19	Jones Jenson Watson
Genetic Basis of Mental Illness	T32 MH02708-07	06/03-07/08	Johnson, A. (Psychiatry)	4	4		7	Johnson Watson
Totals	N/A	N/A	N/A	26	4	0	51	N/A

Table 4. Grant and Contract Support of the Participating Faculty Members

Purpose:

- Strength of research environment; availability of funds to support research

Instructions:

- List faculty member name by each grant
- * to indicate pending support
- List total direct costs when years have substantial changes
- List faculty member role explicitly for each grant

Table 4.

Table 4. Grant and Contract Support of the Participating Faculty Members
(Alphabetically by Faculty Member)

Faculty Member	Source of Support, Grant Number and Status	Faculty Member Role on Project and Grant Title	Project Period Active	Current Year Direct Costs Awarded (Total Direct Costs for Awards With Substantial Future Changes)
Jones, J.	NIH 1 R01 CA76259-01 *	PI - Structure and Function of Acetylcholine Receptors	05/09-05/014 *	\$190,000
Jones, J.	NIH 5 K08 AI00091-03	PI - Purification & Identification of Receptors	11/03-11/08	\$140,000
Mack, T.	American Heart Assoc.	PI - Control of Angiogenesis	03/05-03/08	\$185,000
Mack, T.	NSF PCM 80-12835 (D. Stockton, PD/PI)	Co-PI - Cell Culture Center	12/06-12/09	\$180,000
Mack, T.	NIH 1 P01 CA71802-02 (D. Stockton, PD/PI)	Project Leader of Subproject 4: "Genetic Control of Cell Division"	10/05-10/09	\$165,000
Smith, J.	None			
Zachary, A.	NIH 1 U01 AI-28507-01 *	PI - Human Monoclonal Antibodies as a Therapy for Staphylococcal Enterotoxin	07/09-07/14 *	\$200,000 (\$3 million)

Arrows indicate information you may already have.

All Columns. Campus financial system or Department/Faculty Contact

Table 5. Pre- and Postdoctoral Trainees of Participating Faculty Members

Purpose:

- Success proposed faculty have in training

Instructions:

- List each faculty member's past and current trainees
- Renewals begin revising table from previous submission
- ** for trainees currently or previously supported on grant
- 10 years of data

Table 5.

Table 5. Pre- and Postdoctoral Trainees of Participating Faculty Members
(Alphabetically by Faculty Member for the Past Ten Years)

Faculty Member	Past / Current Trainee	Trainee Name (Where Training Occurred)	Pre / Post Level	Training Period	Prior Academic Degree(s)	Prior Academic Degree Year(s)	Prior Academic Degree Institution(s)	Title of Research Project	Current Position of Past Trainees / Source of Support of Current Trainees
Abbott-Miller, Jane	Past	Schwartz, A. (Cornell)	Pre	94-99	BA	94	U. of WI	Role of Transcription Factor X in Synaptic Plasticity	Asst. Scientist, Scripps Research Foundation
Abbott-Miller, Jane	Past	**Jones, J. (Cornell)	Pre	95-00	AB	93	Grinnell	Protein kinase signaling cascades in C elegans	Res. Assoc. Prof. Microbiol., U CA, Berkeley
Abbott-Miller, Jane	Past	Howard, R.	Post	98-01	PhD	98	Purdue	Excision Repair in Multiple Myeloma Cells	Postdoc. Pathology, Yale, lab of I.M. Sickly
Abbott-Miller, Jane	Current	**Baker, A.	Pre	04-	BS	04	Cornell	Gene Expression in Drosophila	NIH 2 T32 GM05984-08
Abbott-Miller, Jane	Current	Smith, D.	Post	05-	PhD	05	U. of CT	DNA Repair and Chemical Carcinogenesis	NIH 1 F32 ES08942-01
Abbott-Miller, Jane	Current	Haggerty, D.	Post	06-	PhD	05	U. of MI	Cell Cycle Control in Yeast	NIH 1 R01 CA76259-01
Zyskind, J. Quincy	Past	None							
Zyskind, J. Quincy	Current	Bunting, C.	Pre	05-	BA	05	Vanderbilt	Title not yet determined	NIH 1 T32 GM05066-05

Arrows indicate information you may already have.
 All Columns. Faculty Contact
 Columns 4 , 5 & 10. Payroll data
 Columns 5-8. Campus graduate programs
 Column 10. Internet search, Linked In

Table 6. Publications of Research Completed by Trainees (or Potential Trainees)

Purpose:

- Trainee productivity, authorship, etc.

Instructions:

- Renewals begin revising table from previous submission
- * for TGE
- ** for trainees currently or previously supported on grant
- 10 years of data
- Abstracts can be listed only if more complete publication hasn't appeared
- Need to follow NIH Publication Guidelines and list PMC numbers, etc.
- Bold trainee in authors list
- Pre/Post and Past/Current separately in each group.

Table 6.

Table 6. Publications of Research Completed by Trainees (or Potential Trainees)
(List Pre/Postdoctoral and Past/Current Trainees Separately in Each Group)

Pre / Post	Past / Current	Name of Trainee (Years in Program)	Mentor(s)	Publication (Authors, Year, Title, Journal, PMID)
Pre	Past	Brown, B.** (1996-2001)	Jones	Brown, B. and Jones J., 2001, "Repeated Sequences in Drosophila," J. Mol. Biol., 242:503-510. Corman, T., Walker, J.D., and Brown, B. , 1999, "Ontogeny of Tolerance to Alloantigens," Am. J. Anat., 146:156 (abstract).
Pre	Past	Thompson, P.** (1995-2000)	Berg	Miter, M.H., Owens, R., Thompson, P. , and Berg, L., 1998, "Insulin Treatment of Diabetic Rats," J. Comp. Neurol., 373:350-378.
Pre	Past	Wand, D. (1998-2003)	Layback	No Publications
Pre	Current	Samuels, J.* (2004-)	Peters	Samuels, J. and Peters M., 2007, "Molecular Analysis of RNA Viruses," Molecular Biology of the Cell, Vol. 11, 12-18.
Pre	Current	Greenstein, M.** (2004-)	Chu	Greenstein, M. , and Chu, J., 2006, "Sympathetic Noradrenergic Innervation of Drosophila," Genetics (In press).
Pre	Current	Smith, B.** (2006-)	Neustaff	No Publications
Post	Past	Green, V.** (1999-2001)	Smith	Green, V. and Smith, S., 2001, "Repeated Sequences in Xenopus," J. Mol. Biol., 244:103-110. Smith, S., Watkins, J.D., and Green, V. , 2000, "Tolerance to Alloantigens in Frogs," Am. J. Anat., 146:156 (abstract).
Post	Past	Thomas, P.** (2000-2002)	Berg	Miter, M.H., Owens, R., Thomas, P. , and Berg, L., 2002, "Insulin Deficiency in Diabetic Rats," J. Nutrition, 373:350-378.
Post	Past	Schultz, H. (2001-2003)	Easygai	No Publications
Post	Current	Samuels, J.* (2006-)	Peters	Samuels, J. and Peters M., 2007, "Molecular Analysis of DNA Viruses," Molecular Biology of the Cell, Vol. 11, 12-18.
Post	Current	Greenstuff, M.** (2005-)	Chew	Greenstuff, M. , and Chew, J., 2006, "Non-digestible fibre influences bioavailability of vitamins", J. Pharm Sci. (In press).
Post	Current	Jones, W.** (2007-)	Newpeeye	No Publications

Arrows indicate information you may already have.

Column 14. NIH RePORT; NSF Award Search; Alumni Contact

Submission-Grants.gov

- Compile and upload materials early
 - Biosketches, tables and training plans can run in the hundreds of pages!
- Create a checklist to ensure nothing is missed
- Prepare appendices and bookmark PDF sections

Completed the submission, then what?

- Make sure it uploads into eRA commons completely
- Await reviews
- Possible site visit

Preparing for the Site Visit

WHAT WILL THEY DO?

ARE THEY GOING TO
INTERROGATE ME AND
BEAT ME UP?!

ARE THEY GOING TO
BREAK MY KNEES???

Site Visits

- One-day visit
- May ask for additional information during the visit
- Will ask to re-pay you for lunch/breakfast expenses
- Schedule will include visits with senior administration, faculty, students

Just in Time

- NIH is now asking for Just In Time Information for Training Grants
 - Provide updated protocol list for
 - Human Subjects
 - Vertebrate Animals

Essential NIH Websites

NIH Grants Policy Statement

(Revised October 2011)

http://grants.nih.gov/grants/policy/nihgps_2011/index.htm

Especially look at the following parts:

Subpart A, General Terms & Conditions

http://grants.nih.gov/grants/policy/nihgps_2011/nihgps_ch3.htm

Subpart B, Specific Types of Grants (including Training Grants)

http://grants.nih.gov/grants/policy/nihgps_2011/nihgps_ch9.htm

The NIH Grants Policy Statement includes information on trainee period of support, allowable and unallowable costs, stipend levels, and many other policy issues.

Essential NIH Websites

eRA Commons:

<https://commons.era.nih.gov/commons/index.jsp>

(If you don't have an eRA Commons login ID and password, request this from your Dean's Research Office.)

Log in to eRA Commons to access your
Notice of Grant Award (NGA).

Your NGA gives the terms and conditions of your unique training grant and provides contact information for your grant's Program Official and Grants Specialist.

Notice of Grant Award

Examples of statements from Notice of Grant Award (NGA):

- This award includes funds to support 12 trainees (144 Trainee Months). The maximum number of trainees that may be appointed without the prior written approval of NIGMS staff is 12 (144 Trainee Months).
- The next non-competing progress report for this grant is due on December 1.
- **INFORMATION:** This award utilizes as an offset the unobligated balance from the -28 year financial status report in the amount of \$110,307.
- Unless this award specifically provides for short-term appointments, it is not the practice of NICHD to accept appointments of less than 12 months duration.
- Postdoctoral trainees with no clinical responsibilities (e.g. Ph.D. degree, M.D. degree with no U.S. board certification) and more than 5 years of postdoctoral research experience (i.e. stipend level 6 or higher) must receive prior approval from the NIDDK before being appointed to an NIDDK training grant. Only in unusual cases will such approval be given.

Trainee Appointments

- An appointment must be no longer than 12 months for the initial period, and no shorter than 9 months.
- Generally at NIH, 1 slot equals 1 person.
- Appointments can start on any date, e.g. August 15, July 1, March 1, but *AVOID END-OF-MONTH START DATES!*
- Use dates that make it easy to remember.
- Trainee and TG Director electronically approve appointment each year via xTrain.

Trainee Terminations

- Trainee, TG Director, and RSP electronically approve Term Form in xTrain only when trainee is NOT immediately reappointed.
- When a trainee is appointed multiple, non-consecutive years (*e.g., 7/1/08-6/30/09, 7/1/09-6/30/10, [break], 7/1/11-6/30/12*):

Trainee signs Term Form at end of each non-renewed appointment period (*e.g., Term Form signed on 6/30/10 and on 6/30/12*).

Trainee Payback Agreement

- Only Postdoc trainees sign the Payback Agreement.
- Payback Agreement is the ONLY trainee form processed on paper. (*Set up the trainee appointment in xTrain, print out the Payback Agreement, get signatures from trainee and director, mail in to NIH.*)
- Keep a copy of the signed Payback Agreement for your own files.

xTrain Basics

- Electronic submission and storage of NRSA appointment forms (PHS 2271), NRSA payback agreement (PHS 6031) and NRSA terminations forms (PHS 416-7).
- Part of eRA Commons
- Required as of January 1, 2011 for
 - T34 (only appt forms)
 - Other Ts (appt, payback, and term forms)
 - Fs (only term forms)
 - R25 and R90 (mostly appt forms)
 - K12, KL2 and KMI (mostly appt forms)

Getting Started

- Need eRA Commons Account
- Need ASST role in eRA Commons
- PI needs to delegate xTrain authority to you
- xTrain website with information/training, etc.

http://era.nih.gov/services_for_applicants/other/xTrain.cfm

NIH Appointments

- Pay 100% of stipend authorized by NIH
- For postdocs, stipend is set by number of complete years of postdoc experience
- Stipends are not subject to employment taxes
- Trainees may be need to file taxes quarterly
- Supplementation is allowed
 - Cannot be on federal funds

Training Related Expenses (TRE)

- **What's allowed? (in general)**

Administrative Salaries Speakers

Supplies and Equipment Printing Costs

Allowance for Trainees Expenses

- **NOT ALLOWED (in general)**

Individual memberships
subscriptions

Individual

Recruiting individuals

Food for meetings

Computers

- **Documentation is important!**

Need to have documentation of how money was spent

Rebudgeting of Funds

- **Stipends**
Can be rebudgeted within tuition and fees
- **Tuition and Fees**
Can be rebudgeted within stipends
- **Travel**
Can be rebudgeted anywhere
- **Training Related Expenses including Health Insurance**
 - Can be rebudgeted anywhere

Effort Reporting

- PIs of training grants do need to report effort
- Trainees and trainers typically do NOT need to report effort (exception: trainers who have percent effort listed on the competitive renewal should report that effort)
- Administrators or other employees, who are paid by the training grant, will also need to report their effort.

Annual Progress Reports

- Due 2-6 months prior to next grant year
- Submitted via paper form NIH 2590
- Update human/vertebrate animal protocols
- Update trainer list
- Budget should use amounts anticipated for the next budget year (tuition, health insurance rates, etc.).
Stipend rates should be the most current rates announced by NIH.
*For most awards, the amounts awarded will not be increased from amount awarded in Year 1 except for stipend increases

Annual Progress Reports

- Budget Justification: “Explain any rebudgeting from trainee positions (stipends) into tuition and fees that has occurred in the current budget period, including the number of trainee positions (predoctoral and postdoctoral) and the estimated dollar figure that was rebudgeted during the budget period being reported.”
- Narrative on responsible conduct of research training
- Narrative on diversity recruitment activities
- Paragraph on each trainee explaining research and coursework
- New publications includes those by former trainees still in training (Remember PMCID numbers)
- Requires Trainee Diversity Report
- Data Table 12A or 12B
- All Personnel Report is not applicable

Year-End Close Out Procedures for Training Grants

- NIH requires that a FSR (financial status report) be submitted by the awarding institution prior to 90 days after the end of the grant year.
- There will be a shortfall due to tuition charges that will need to be covered by flexible, non-sponsored funds.
- Unliquidated obligations will be calculated

Unliquidated Obligations- Stipends, Tuition, and Indirect Costs

- Grant period: July 1, 2012 -June 30, 2013 (Yr 3 of the grant).
- Trainee appointed on January 1, 2013 for 12 months.
- The whole 12 months of stipend costs are charged to Year 3 of the grant.
- Therefore, the \$ for 6 months of stipend plus fringes and tuition (July 1, 2013-December 31, 2013) will be carried over to Year 4 as an unliquidated obligation from Year 3.

GRANT YEAR 3

Trainee appointed
6 months into
Grant Year 3

each slice = 1 slot
(includes tuition/fees, stipend and
health insurance)

GRANT YEAR 4

from Year 4

6 months of stipend,
tuition/fees and health
insurance is carried
over into Grant Year 4

50%
Year 3

50%
Year 4

Questions?

- Jenny Dahlberg (jmdahlberg@wisc.edu)
- Heather Daniels (hdaniels@grad.wisc.edu)

Additional Xtrain slides

- Note these were not discussed due to time restraints, however we have included them for reference.

What's NEW on the COMMONS

SYSTEM STATUS: All systems currently available.

- **Scheduled Commons Maintenance:**
 - For maintenance information, see the [eRA Scheduled Maintenance Calendar](#).
- **Support:** Take advantage of our web support at [eRA Help Desk](#)
- **Electronic Submission:** Learn about the most frequent application errors at [Avoiding Common Errors](#).
- **IAR:**
 - For information on the latest changes in IAR, go to the [IAR Release Notes](#)
 - For issues accessing the Internet Assisted Review (IAR) module, refer to instructions: [IAR Access Issue for Reviewers](#), [SROs Resolved for Now](#)

System Notification

More Recent Features of Commons include:

- ◆ *****NEW*** xTrain is now available to all institutions registered with the eRA Commons. Find further information at the eRA [xTrain](#) page.**
- ◆ **eSNAP** - Allows an institution to review non-competing grant data and submit a progress report online.
- ◆ **Reference Letters:** To submit a reference letter when requested by an applicant, please follow this link: [Submit Reference Letter](#)
- ◆ **Internet Assisted Review (IAR)** - Allows reviewer to submit critiques and preliminary scores for applications they are reviewing. Allows Reviewers, SRAs, and GTAs to view all critiques in preparation for a meeting. IAR creates a preliminary summary statement body containing submitted critiques for the SRA or GTA.
- ◆ **Demo Facility** - [Demo Facility](#) allows you to try most of the capabilities of the NIH eRA Commons in a sample environment.

Entering Trainees

- Trainees without an eRA Commons account can get an account by:
 - Using registration process through xTrain
 - Those on campus (typically Dean's offices) with SO role can add a new account and assign the trainee role to that account

Trainee Profile

- Once a Trainee account is created, the Trainee must log into eRA Commons and access each of the Personal Profile pages to provide the information used to populate xTrain-related forms.

The screenshot displays the eRA Commons interface. At the top, the logo for "Electronic Research Administration eRA Commons" is shown, sponsored by the National Institutes of Health. The user is logged in as "kimbeaker" from the "UNIVERSITY OF VIRGINIA CHARLOTTESVILLE" with the authority "TRAINEE". A "Log-out" link is visible. Below the header is a navigation menu with "Personal Profile" selected. Underneath, a sub-menu lists several options: "Personal Information", "Race/Ethnicity", "Employments", "Reviewer Address", "Residential Address", "Degrees", "Publications", and "Trainee-Specific". The "Personal Profile" text is highlighted in blue. Below the sub-menu, five yellow boxes with red arrows point upwards to the "Personal Information", "Race/Ethnicity", "Residential Address", "Degrees", and "Trainee-Specific" links.

Personal Profile

Personal Information Race/Ethnicity Residential Address Degrees Trainee-Specific

Appointment Form Flow

Tips-Appointment Form

- If you are reappointing someone from previous year, then you reappoint from within that previous year (don't do new appointment in current year).
- If there is a break of at least one grant period, the trainee must be appointed as a new appointment.
- If reappointing, the old stipend amount shows until the appointment form is saved. Then current stipend amount needs to be entered.

New Appointment

- For Pre-doc Appointments
 - No further action is needed, unless confirmation of permanent residency status is required
- For Post-doc Appointments who have never received prior Kirschstein-NRSA support Only
 - Mail signed original Payback Agreement (603 I) form to the awarding NIH Institute
 - Mail confirmation of permanent residency (if needed)

Tips

- Trainee information (address, etc.) for new trainees will not be visible to you until the appt form is accepted by the Agency.
- Note a number of pieces of information is pulled directly from trainee profile. In order to correct these pieces, the trainee needs to correct his/her profile.
- If you use the calendar boxes for length of appt, hit recalculate button to get correct stipend amount.

Tips

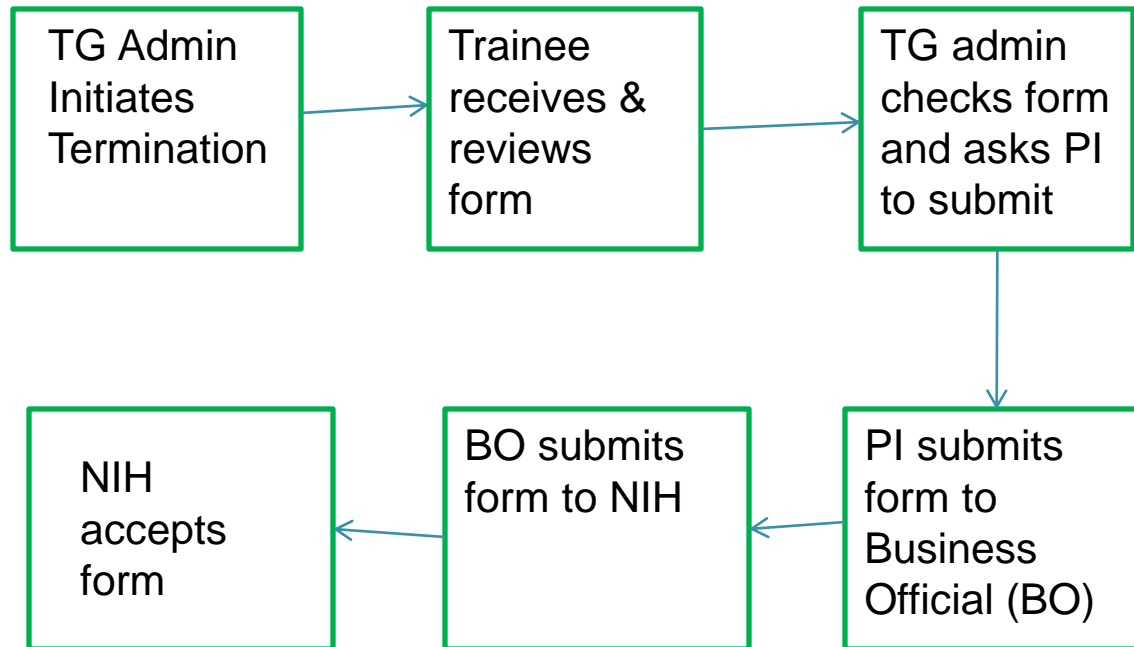

- Watch for auto forwards. After 14 days forms (appt or term) with the trainee will forward back to the PI OR term will forward to BO from PI.

Amendment

- Once an Appointment is Accepted by Agency, an Amendment is needed to change any of the following items:
 - Name
 - Permanent Mailing Address
- Submit an Amendment as soon as the change occurs
- Follows same process as Appointments

Boys, Beagle	2006	07/01/2006	06/30/2007	Yes	PRE-DOC	Accepted	Paper			View 2271	- Amend 2271	Initiate IN
--------------	------	------------	------------	-----	---------	--------------------------	-------	--	--	---------------------------	------------------------------	-----------------------------

Termination Form Flow

Tips-Termination Form

- Watch for auto forwards. After 14 days forms (appt or term) with the trainee will forward back to the PI OR term will forward to BO from PI.
- If an appointment is ending early, you do not need to submit an amended appointment form.

Additional Actions

- Some actions are available to a user, who is not the Current Reviewer, as long as the form has not been submitted to Agency
 - – runs validations & gives errors/warnings
 - the previous reviewer can recall a form from the current reviewer
- Accessed via **2271 Form** or **Term Notice** links
